Love water  
don't waste it

Sydney  
**WATER**

## Cleaning buildings and other hard surfaces

### What's allowed under level 1 water restrictions:

You can use drinking water to:

- wash building structures, windows, walls, gutters and roofing using a bucket, a hand-held hose fitted with a trigger nozzle, or with high-pressure cleaning equipment
- spot clean hard surfaces such as paths, driveways, concrete or pavements **for health, safety or emergency** reasons only, using a hose fitted with a trigger nozzle or high-pressure cleaning equipment
- suppress dust for health or environmental reasons, using a hose fitted with a trigger nozzle, bucket or watering can. You can only do this if there is no alternative water source (such as recycled water) available
- wash your garbage bin using water from a bucket or a hand-held hose fitted with a trigger nozzle.
